Reading at home

Dear parents/carers,

Star Academy promotes the improvement of children's reading in any way it can and we thank you for your continued support at home. Reading is an incredibly important part of children's learning as it opens up opportunities for them in later life. Those children that are keen to read, and spend time improving their reading achieve more.

While many children are happy to read at home, we realise that it can be a struggle to encourage others. However, it is necessary that children do read at home.

To help we have added an incentive for reading at home for all children in the academy. On the inside of the front cover of pupils' journals we have added a Reading Rocket, like the one below:

If your child reads at home at least five times a week, a star will be added to their rocket. You must sign their school journal to confirm that they have read. When five stars are collected, they can collect a reading prize.

We hope this may help in getting your child to read alongside you.

Many thanks,

Mr C. Battrick
English Subject Leader
